The party came to the crest of the hill where they beheld the Elbe, and its banks covered with trees. The valley to the east was filled with low-lying clouds, and the sun shone brightly upon the river. The party turned to the left, and followed the river for a short distance, passing through a forest of oaks and pines. As they approached the town, they saw a group of soldiers standing at attention, and a band of music playing. The party then crossed the river, and entered the town, where they were immediately greeted by the mayor and the townsfolk. They were shown to a fine mansion, where a sumptuous banquet was prepared for them. After dinner, they took a walk through the town, admiring the architecture and the beautiful scenery. The party then returned to the mansion, where they spent the night in comfortable quarters.

The ship was so unusual to find and explore that they held their breath. The water of the river flowed and it was aブライト with the sound of the waves. They sailed away from the shore and into the sea. They reached the middle of the ocean and then they turned around to head back to land. They were so surprised to find the ship. They were so happy when they reached the shore again. They were so excited to see their home again. They were so happy to be home. They were so happy to be with their family again.
